Luggage Tag Instructions

1. After printing this page, write your name and stateroom number in the areas provided.
2. In the order indicated, fold (do not cut) along the dotted lines with the luggage tag facing out. You should be able to read the ship's name and see the Azamara logo.
3. After folding, staple or tape the tag around the luggage handle in the indicated areas.

Print as many copies of this tag as you need, preferably in color. Before you leave home, make sure each piece of luggage has a personal ID attached, such as a name tag. Do not pack valuables or your boarding documents in checked luggage.
